PROFESSIONAL SUMMARY

Data professional skilled in Python, SQL, and Tableau with hands-on experience in machine learning, data preprocessing, and visualization. Strong track record of turning complex datasets into actionable insights and building scalable solutions that drive business growth.

SKILLS

Programming languages: Python, R, SQL

Data Tools: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Tableau.

Machine-Learning: Linear Regression, Logistic Regression, Random-Forest

Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management

TECHNICAL EXPERIENCE

Data Science Intern

November 2024 – April 2025

GomyCode

Lagos Nigeria

- Improved data accessibility issues by building and optimizing **pipelines** to process large datasets, reducing data preparation time and enabling faster business decision-making.
- Investigated high turnover concerns by **preprocessing** employee datasets and running **predictive models (Logistic Regression, Random Forest)**, uncovering key factors driving attrition and providing insights HR could use to improve retention strategies.

DATA PROJECT

Customer Purchase Analysis & Sales Prediction

- Identified irregular purchase patterns in **10,000+** transactions and built a **linear regression** model with **Python, Pandas**, and **Scikit-learn** to forecast future sales, improving sales prediction accuracy and enabling **data-backed** inventory planning.

C Smartpredict: Breast Cancer Prediction System

- Tackled misdiagnosis risks by training **machine learning** models on clinical features (age, tumor shape, laterality, lymph node status), achieving **92%** accuracy with **Random Forest**, and deploying the model via **Streamlit** to support doctors with user-friendly, real-time predictions.

Coffee Shop Sales Data Analysis

- Addressed revenue visibility gaps by analyzing sales in **Google Sheets** and **Tableau**, designing interactive dashboards that revealed peak transaction times and top-performing products, helping stakeholders **optimize** pricing and staffing strategies.

EDUCATION

Bachelor of Science - Computer Science

July 2025

Caleb University.

Senior School Certificate Examination

July 2015

Yabatech Secondary school

VOLUNTEER

Volunteer Content Creation & Social Media Manager

August 2024 - November 2024

FEMME HEALTH FOUNDATION

Lagos Nigeria

- Enhanced the NGO's online visibility by creating engaging content and managing social channels, which increased awareness of women's health initiatives and strengthened community engagement.
- Supported outreach efforts by promoting educational campaigns that expanded the NGO's reach and encouraged broader participation in its mission.

CERTIFICATIONS

- Data Science Bootcamp – GOMYCODE
- Volunteer Certification – FEMME HEALTH FOUNDATION
